

Dear Parents and Carers,

As a part of your child's education at Bestwood Village School, we promote personal wellbeing and development through a comprehensive Relationships, Social, Health and Economic (RSHE) education programme. RSHE education is the curriculum subject that gives young people the knowledge, understanding, attitudes and practical skills to live safe, healthy, productive lives and meet their full potential.

RSE lessons in year 3- 6 will include teaching about:

Healthy relationships, including friendships and families; growing and changing, including puberty; personal hygiene; changing feelings; becoming more independent; keeping safe on and offline and consent; developing self-esteem and confidence. Pupils will also have opportunities to ask questions that help prepare them for relationships of all kinds in the modern world.

RSE lessons in year 7 -11 will include teaching about:

Healthy relationships, including friendships and intimate relationships; families; growing and changing, including puberty; personal hygiene; changing feelings; becoming more independent; keeping safe on and offline including the role of pornography and consent; developing self-esteem and confidence. Pupils will also have opportunities to ask questions that help prepare them for relationships of all kinds in the modern world.

RSHE education is taught throughout the school in every year group and is monitored and reviewed regularly by the staff and governing body. Please visit the school's website: <https://www.bestwoodvillageschool.co.uk/about-us/policies/> for more detail about our RSHE curriculum. You can view what your child will learn over the coming year on our website. Questions to help discover how you can best support your child to discuss these topics at home can be referred to the email below.

All RSHE teaching that takes place will take place in a safe learning environment and is underpinned by our school ethos and values.

As a school community, we are committed to working in partnership with parents; recent national parental feedback has indicated that the overwhelming majority of parents continue to be highly supportive of the relationships and sex education programme.

If you would like to find out more or discuss any concerns, we would urge you to familiarise yourself with the information, speak with your school contact and your young person. As parents or carers you have the right to withdraw your child from the non-statutory RSE

aspects up to 3 terms before your child's 16th birthday. At this point your child has the right to choose to attend these sessions.

Yours sincerely,

Christopher Bailey

Head Teacher

I/We wish to withdraw our young person_____

from the RSE aspect of the of the RSHE curriculum for the current academic year.
